

AIRBUS A321

Keeping our customers Airborne for longer

Braking Systems

- Tyre Pressure Indicator Sensor and hub cap assembly
- Hub Cap Assembly
- Cooling Fan Assembly
- Main Wheel Assembly
- Brake Assembly
- Main Axle Sleeve
- Alternate Braking Control Unit

Fire & Safety

- Fire/Overheat Detector
- Fire Detector Cable
- Discharge Indicator
- Fire Detection Unit
- Cartridge
- Fire Extinguisher
- Discharge Outlet
- Pressure Gauge

Power & Motion

- Rotor Finition
- Stator Finition
- Motors
- Alternators
- Resolvers
- Transducers
- Linear Variometers
- Sensors
- Travel Limitation Unit
- Generator Control Unit

Sensing Solutions

- Engine Vibration Monitoring Unit
- Accelerometers
- Oil Quantity Transmitter
- N1 Speed Sensor
- N2 Speed Sensor
- Cabin Air Solenoid Valve

Flow Control

- Solenoid Valves
- Bleed Valves
- High Pressure Turbine Clearance Control Valve
- Rotor Active Clearance Control Valve
- Anti-Ice Valve

Sealing Solutions
