

# AIRBUS A340

## Keeping our customers Airborne for longer

### Braking Systems

- Nose wheel assembly
- Axle Sleeve
- Hub Cap Assembly
- Wheel Tyre Pressure Indicator System
- Brake Assembly
- Main wheel assembly

### Thermal Solutions

- Oil Fuel Heat Exchanger
- Servo Fuel Heater
- Integrated Drive Generator Air Cooler

### Flow Control

- Cabin Air no-return valve
- Intermediate Pressure Bleed Valve
- Valves Unit – Servo Air Solenoid Operated
- High Pressure Bleed valve
- Start Bleed Valve
- Rotor Active Clearance Control Valve
- High Pressure Turbine Clearance Control Valve

### Fire & Safety

- Fire Extinguisher
- APU Fire Detector
- Fire Overheat Detector

### Sensors

- Engine vibration Accelerometer
- Vibration Transducer
- Remote Charge Converter
- Engine Interface and Vibration Monitoring Unit
- N1 Bearing Vibration Sensor
- Fan Frame Compressor Case Accelerometer
