

AIRBUS A380

Keeping our customers Airborne for longer

Sensing & Monitoring Systems

- Vibration Monitoring System
- Variable Frequency Generator Duct Assembly
- Transformer Rectifier Unit
- Engine Vibration Accelerometer
- Engine Monitoring Unit
- Engine Interface and Power Management
- Cable assembly
- Oil Level Sensor
- Turbine Cooling Air Rear Thermocouple
- Thermocouple T Zone 3

Sealing Solutions

Seals

Thermal Solutions

- Servo Fuel Heater
- Fuel/Hydraulic Cooler
- Fuel Cooled Oil Cooler
- Fuel Oil Heat Exchanger
- Variable Frequency Generator Heat Exchanger
- Air Cooled Oil Cooler
- Oil to Fuel Heater

Fire & Safety

- Fire Extinguisher
- Fire Overheat Detector Assembly
- Converter Module

Cameras & Security

- Surveillance Cockpit Door Camera
- Cockpit Door Surveillance System

Power Systems

- Aircraft Battery
