

BOEING B787

Keeping our customers Airborne for longer

Flow Control

- Motor Assembly –PECS, FCAAC and ICS
- Sump Educator Valve
- Bleed Bias Flow Sensor Venturi

Thermal Solutions

- Variable Frequency Starter Generator Fuel/Oil Cooler
- Main Fuel Oil Heater & Servo Fuel Heater

Sensing & Monitoring

- Low Pressure Turbine Overspeed System Harness
- Accelerometer
- Engine Monitoring Unit
- T25 Thermocouple
- T30 Thermocouple
- Turbine Cooling Air Front
- T50 Thermocouple
- Secondary Air System Thermocouple
- Turbine Cooling Air Middle Temperature Sensor
- Oil Quantity Transmitter
