Be ScamSmart

Investment scams are designed to look like genuine investments

Spot the warning signs

Have you been:

- contacted out of the blue
- promised tempting returns and told the investment is safe
- called repeatedly, or
- told the offer is only available for a limited time?

If so, you might have been contacted by fraudsters.
Avoid investment fraud

1. **Reject cold calls**
   If you’ve received unsolicited contact about an investment opportunity, chances are it’s a high risk investment or a scam. You should treat the call with extreme caution. The safest thing to do is to hang up.

2. **Check the FCA Warning List**
   The FCA Warning List is a list of firms and individuals we know are operating without our authorisation.

3. **Get impartial advice**
   Think about getting impartial financial advice before you hand over any money. Seek advice from someone unconnected to the firm that has approached you.

Report a scam
